

PETROLEUM CORPORATION OF JAMAICA

Presents

Jamaica Oil and Gas Prospectivity Field Trip

TO NORTHERN & CENTRAL JAMAICA

December 7 – 9, 2010

Jamaica Oil and Gas Prospectivity Field Trip

The Petroleum Corporation of Jamaica takes pleasure in announcing a two-day field trip to explore geological features relevant to the petroleum prospectivity of Jamaica.

This field trip will examine outcrops and a gas seep in central and northern Jamaica over the period December 7th and 8th 2010. On December 9th, there could be an optional examination of core samples in Kingston, as well as further discussions on the Jamaican prospects.

The field trip will be lead by Gavin Gunter and Raymond Wright of PCJ. Support will be provided by David Johnson and Ryan Ramsook of Rainsville Energy Corporation (Sagres Energy Inc.).

It is recommended that participants stay at the Spanish Court Hotel in Kingston (*Website: www.spanishcourthotel.com*). Reservations and accommodation on the night of December 7th will be made at the Crane Ridge Resort, Ocho Rios, where a group rate is being arranged through PCJ (*Website: <http://www.craneridge.net>*).

Interested persons are kindly asked to respond confirming their attendance by Monday November 15th, 2010. Please respond as soon as possible. A field trip guide will be provided once confirmation has been received.

For further information and registration, please contact:
